LATO Fence

Fences That Secure Spaces Without Closing Them In

The LATO Fence is an engineering marvel that quietly protects your space while beautifying your lifestyle. Designed as a decorative lattice panel, it's a unique and attractive way to reimagine both indoor and outdoor spaces. The crisscross lattice and trellis patterns flow with creativity while guaranteeing privacy, shade, and ventilation.

Made from premium HDPE / PP, it is built for beauty that lasts. Whether you want to frame a garden wall, enhance a patio's feel, or add detail to a trellis or gazebo, LATO Fence will transform the ordinary into the elegant. Available in a wide palette of custom colors, LATO Fence blends seamlessly into any setting, creating private spaces that inspire and impress.
